

# BEREA GRINDSTONE ELEMENTARY SCHOOL

Berea, Ohio

## Project Description

The Albert M. Higley Co. served as Construction Manager - Advisor for Berea City School District's Grindstone Elementary School project. This new 850-student facility consolidated three former elementary schools into one. The scope includes a geothermal heating and cooling system, classrooms, gymnasium, auditorium, offices, kitchen/cafeteria, and playground.

This project received LEED® Gold Certification.
