

RADISSON HOTEL AT GATEWAY

Cleveland, Ohio

Project Description

The Albert M. Higley Co. served as construction manager for The Radisson Hotel at Gateway project in Cleveland's historical Gateway neighborhood. It is a full-service hotel and conference center with 142 rooms and a full range of meeting rooms, conference rooms, banquet rooms, and restaurants. An outdoor garden and fountain connect the hotel to an existing Meeting House.

The project was built on caissons extending to bedrock and included the historic renovation of the adjoining building.
