

# CLEVELAND SCHOOL OF THE ARTS

Cleveland, Ohio

## Project Description

The Albert M. Higley Co. served as Construction Manager at Risk in joint venture for the new three-story Cleveland School of the Arts High School. The first floor features a gymnasium, cafeteria, and music department functions, including a Black Box Theater. The second floor houses the dance, drama, and art studios and the third floor the science department, including biology and chemistry laboratories. The building design accommodates the future expansion of a performing arts center. This building began construction in July 2013 and was completed in time for the start of the 2015-16 school year.
