

# FIRST CATHOLIC SLOVAK LADIES ASSOCIATION

Cleveland, Ohio

## Project Description

The Albert M. Higley Co. served as Construction Manager at Risk for the First Catholic Slovak Ladies Association's headquarters facility which includes private and open offices, a fully technology-equipped corporate boardroom with an attached food preparation area, a staff kitchen and lunchroom, training rooms and conferencing areas.

The project included a 50-well geothermal energy system to serve the new building.
